What is Neglect?

- Child neglect is a failure to look after a child and could result in poor health or development.
- Children (including unborn babies), need food, water, shelter, warmth, protection and health care to grow and develop.
- Children need their parents or carers to love and care for them.
- Neglect can also include physical abuse, emotional abuse and sexual abuse.

Every child and young person has the right to be looked after properly. If you’re not getting the important things you need at home, you could be being neglected.

If you are not ready to report something you can speak to Childline 0800 1111.
